## OBJECTIVE

Highly motivated and dedicated student programmer seeking a challenging position to leverage my technical skills and passion for creating engaging and user-friendly websites. Committed to continuous learning and staying up-to-date with the latest web development trends and technologies, I aim to contribute my proficiency in HTML, CSS, JavaScript, and other web development frameworks to create impactful and innovative digital experiences.

## EDUCATION

**Software Engineering Technician | Centennial College**                    **2022-Present**

Developed computer programming, database system design and maintenance, software installation, inter client and server-side development, data communication, and operating system skills.

**BS General Science | University of Windsor**                    **2010-2014**

## EXPERIENCE

**Manager | Amherstburg Vape**                    **2020-2022**

Handled cash and credit transactions, dealt with company representatives, managed customer inquiries, created and managed the inventory system, managed the related hardware and software.
